  - Utilize the “Bots” functionalities: ChatGPT and ResearchGPT

**TINY The UBS CIO & GWMS AI Community Platform** Version 2.3.743

Explore AI assistants, collaboration channels, and bite-size learning – all engineered to supercharge your workflow.

### Our Assistants

Ask anything – from market colour to polished emails in seconds.  
Brainstorm, code & visualise ideas lightning-fast.

**Unlock AI super-powers with ChatGPT**

Streamline your inbox & calendar, or search the web.  
Visualise data to create stunning graphics.

**Work smarter with OfficeGPT**

Tap into CIO & IB research in a flash.  
Generate eye-catching charts with Python.

**Turn research into action with ResearchGPT**

Effortlessly translate, review & polish documents.  
Process text from nearly any file format.

**Perfect every document with EditorGPT**

**TINY The UBS CIO & GWMS AI Community Platform** Version 2.3.743

**ChatGPT**

share latest S&P data in the last year and show graphs

ChatGPT: Certainly! Here's a summary of the S&P 500's performance over the past year, along with a graph to illustrate the trend.

### S&P 500 Performance: Last 12 Months

CIO outlook

UBS Research Query (without tables): "CIO outlook (check last three months)" ✓✓

### CIO Outlook – June 2025

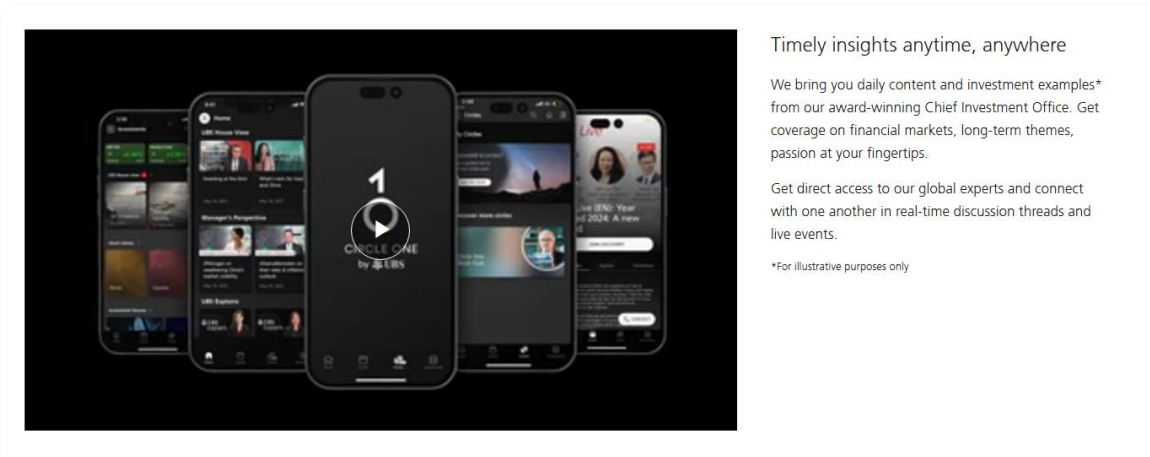

**Key Themes**

- Geopolitical Tensions & Market Resilience**
  - Markets have remained resilient despite escalating geopolitical tensions, particularly between Israel and Iran. The and Brent crude oil prices have declined, indicating that investors do not expect major disruptions to energy supply could quickly change the outlook, especially for energy markets and risk assets. UBS recommends a phased approach highlights gold as a hedge against geopolitical risks, with price targets of \$3,500/oz (base case) and up to \$3,800/oz US dollar is expected to weaken over the medium term, and investors are advised to diversify away from USD holdings.
- Monetary Policy & Interest Rates**
  - The Federal Reserve is not in a hurry to cut rates, with Chair Powell emphasizing future inflation as a key factor. However, including Vice Chair Bowman, have signaled support for rate cuts as early as July if economic activity slows further outside of recessions have supported equity markets [1:3/CIO] [1:4/CIO].
